

Free Community Dental Service

What's Salt All About?

Salt advance is the community support arm of a church called Salt that has been based in Palmerston North for over 80years (formerly known as Christian Family Church). Salt is a church focused on being "life's essential ingredient". Salt has been actively involved in community projects for many years and has recently been able to begin to address the great need for essential dental care for low income people. We want to show that we understand, we care and want to be able to help you.

We have a team of independent volunteer staff who have decided to support this scheme. This includes NZ Dental Association registered Dentists, Hygienists, Dental Assistants, and Support/Liaison people. The provision of a fully equipped dental bus by Carpenters Dental has allowed us to provide this dental care, and have received some community funding grants for dental materials etc.

As we operate totally on a volunteer system, we aim to provide dental care whenever dentists are available. We have open community days and also are targeting some high need community groups and organizations

Come find Salt this Sunday:

Every Sunday at two different places. Everyone is welcome.

SALT CENTRAL @ 10:00am Matipo Street
Palmerston North

SALT WEST @ 10:00am Cloverlea School
Herbert Avenue Palmerston North
